ALSTONE[®]

About **Alstone**

Alstone is a market leader of Metal Composite Panels (MCP) in India, constantly on the outlook for industry innovation and challenges. Alstone, a two decades old brand is trusted by architects, builders, façade consultants and fabricators. Alstone has the widest range of products in industry to meet unique needs of the market.

Alstone pioneered metal- based HPL, A2 Grade Non-Combustible Panels, and metal-based Louvers in India. We have our state-of-the-art production facilities in Dehradun (India) and Dubai (UAE) to cater to Indian and international markets.

We have our in house high tech modern coating line to help us to deliver precise, customized products along with timely delivery under expert supervision.

Alstone has launched Zinc Composite Panels in the Indian market in collaboration with VMZINC France. Along with this, Alstone has recently introduced Alstone Alcomb Panels. Alcomb Panels are made of aluminium honeycomb structure therefore very light in weight and non-combustible (A2 grade) panels. Alstone products are certified and tested by international test lab "Thomas Bell Wright".

Alstone group has diversified into Glass industry as well as in the name of Emerge Glass and Emerge Renewables. Emerge Glass is the industry giant in the manufacturing of Ultra-thin flat glass category and container glass. Emerge Renewables is setting up a specialised solar glass plant in the state of Rajasthan.
